

```
// Buatlah sebuah program yang menampilkan pola segitiga bintang
seperti berikut:
// *
// **
// ***
// ****
// *****

let stars = "*"

for (let i = 0; i < 5; i++) {
  console.log(stars);
  stars += "*"
}

console.log("\n")
```

The screenshot shows the Visual Studio Code interface. The Explorer panel on the left shows the file structure with 'tugas.js' selected. The Editor panel displays the following JavaScript code:

```
1 // Buatlah sebuah program yang menampilkan pola segitiga bintang seperti berikut:
2 // *
3 // **
4 // ***
5 // ****
6 // *****
7 // *****
8
9 let stars = "*"
10
11 for (let i = 0; i < 5; i++) {
12   console.log(stars);
13   stars += "*"
14 }
15
16 console.log("\n")
17
```

The Terminal panel at the bottom shows the command `node tugas.js` being executed, resulting in the following output:

```
PS D:\Bootcamp QA\Bootcamp QA - Pertemuan 3> node tugas.js
*
**
***
****
*****

PS D:\Bootcamp QA\Bootcamp QA - Pertemuan 3>
```

The status bar at the bottom indicates the file is 'tugas.js', line 13, column 10, using UTF-8 encoding and CRLF line endings.
